VOLUME CVIII.--NO. 22. ALEXANDRIA, VA., FRIDAY EVENING, JANUARY 25, 1907. PRICE 2 CENTS.

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Diolca*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named indients and cures the diseases for which y are recommended.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

Rode Infuriated Bull.

Miss Maude Derroe, a young woman living on the prairie west of Midlands, S. D. threw herself upon the back of an enraged bull Wednesday and rode the beast until he became exhausted and died.

The bull made a vicious attack upon Miss Derroe when she was walking across the prairies alone and unarmed. The young woman, unable to make her escape, stood her ground and offered the enraged beast battle. After a brief and desperate struggle by which she was cruelly punished and well nigh killed, Miss Derroe, by an almost superhuman effort, threw herself upon the back of the bull. The beast tried hard to throw her, but she was reared on the prairies and had ridden wild horses from the time she was a child, and she succeeded in keeping her seat.

Finding that she could not be unseated the maddened beast started to run at top of his speed, and he ran thus, with the girl clinging to his back, until he finally fell to the ground with blood streaming from his mouth and nose and utterly exhausted. The bull died soon afterward. The girl was uninjured by her wild ride, but was painfully hurt before she got astride the bull's back.

The Power of the Wedding March.

The enchanting strains of the wedding march being played at the marriage of her friend so enraptured pretty Mary Woodall, the 15-year-old daughter of Mr. Thomas Woodall, a well-known farmer of Pittsylvania county, that when Thomas Bohannon popped the question Wednesday night she consented to elope.

The girl was an attendant at the wedding at Oak Grove Baptist Church, Wednesday night of Miss Shelton and Mr. Gardner. While the ceremony was in progress she slipped off with Bohannon and drove through the country in the dark over rough roads, with still rougher weather and biting northerly winds, to Pelham, N. C., a distance of about 25 miles. A justice of the peace was aroused from his midnight slumbers and tied the knot in a hurry.

The father of the girl was angry when he heard of the elopement. He hooked up the fastest horse he had to a buggy and started after the couple. He was only a few miles behind when he arrived in Danville, and then had a journey of nine miles to make. The hour being late, he could not get into communication with Pelham, and his efforts to intercept the runaways were of no avail.

Shirt Waists as Evidence.

It developed in Pittsburg, Pa., yesterday, that Mrs. Charles J. Holman, mother of Mrs. Evelyn Nesbit Thaw, has turned over to District Attorney Jerome, of New York, 10 shirtwaists once the property of her daughter. Each of the waists is torn or otherwise damaged and it is expected that they will be introduced as evidence against Harry K. Thaw during his present trial for the murder of Stanford White.

According to Mrs. Holman, Thaw had a mania for tearing his wife's clothing both before and after the marriage of the young couple. In Paris and New York he is said to have torn off Evelyn's waists on several occasions, the assault taking place in the presence of other persons. Mrs. Holman in some way procured possession of the torn clothing, with the intention of using it at the first opportunity to show Thaw's abuse to her daughter.

To each garment is attached data setting forth the exact time and place of each assault, and it is now certain that Mrs. Holman will go on the witness stand at the proper time and identify the torn waists, and tell their history as a part of her testimony against her son-in-law.

French Apostolic Church Denounced.

A dispatch from Rome says the Vatican authorities denounce as non-Catholic the French "Apostolic Catholic Church," or new National French Catholic Church, organized under the leadership of Henri des Houx, the consecution of which, as a cultural association, has been accepted by the French government.

The authorities of the church in Rome say that Archbishop Vilatte, head of the independent Catholic movement in America, who is now in Paris lending his aid and authority to establish the spiritual jurisdiction of the church, and who, according to the Paris dispatches, comes from Texas, really resides in Chicago, is a well-known apostate, and that, therefore, his ordination of priests is invalid. The Vatican officials describe Vilatti as being a French priest who renounced Catholicism, was ordained a bishop by a sect of East Indian Protestants known as "old Catholics," and went to Canada and the United States.

Suicide of a Student.

Within fifteen minutes after he had registered at the Grand Union Hotel in New York Wednesday afternoon, Lathrop Smith, a student in the law school at Columbia University, from Kansas City, committed suicide by shooting. The student had not even taken off his overcoat before he fired the shot which crashed through his brain. No cause for the act can be learned. His fellow students are unable to account for it, and a message apparently written just before he fired the fatal shot, was: "Mother and all loved ones, good by; mother, good-by." Lying face downward the body was found. In the right hand was a .32 caliber revolver, with only one shell in it. On the dresser was a box of cartridges. In Smith's pockets was a $35 draft from the New England Bank of Kansas City, Mo. Smith was a member of one of the most prominent families in Kansas City, and was a well known leader in exclusive social circles there.

War on Tobacco.

Every man and boy has sworn off tobacco, in every form, at Port Republic, a thriving hamlet on the mainland, near Atlantic City. The pipe of repentence was lighted by the visit of an eloquent Evangelist who declared: "Hell is full of chewers and smokers; cigarette smokers are chained in the hottest corners." Women took up the crusade. While they sang joyous hymns, Miss Amanda Blake, proprietor of the village's general store, piled in the street her entire stock of tobacco, cigars, pipes and cigarettes, set fire to them and they went up in smoke. John H. Johnson, seventy years old; sexton of the church, who has "never been without a pipe for fifty-five years," swore off and is dangerously ill. But he is resisting temptation, saying piously: "I would rather do without a whiff of tobacco than live for all eternity in an atmosphere of sulphur."

Killed Cousin and Himself.

Sarah Kling, aged 18, was shot and instantly killed yesterday by her cousin, Meyer Schwartz, aged 17, at his home in New York. Schwartz then shot and killed himself. It is believed the boy and girl entered into a pact to die together because their parents objected to their fondness for each other. When neighbors, attacted by the shots, entered the room they found Meyer lying dead on the floor with a bullet hole in his temple and a revolver clutched in his hand. The girl was sitting in a chair with her head back against the wall, and with a frightful wound in the mouth. On a table in the room were found three notes, all signed by the boy. One of them read as follow: "My father did not allow me to go to her. Her mother did not want her to go to me, and therefore, we both go together."

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, JAN. 25, 1907.

PRESIDENT ROOSEVELT has vertified the predictions made for him by the men who live on the disbursal of public funds, and on Wednesday sent to Congress a special message urging the passage of the mail subsidy bill. This measure is less obnoxious than the general maritime bounty scheme that Senators Gallinger and Frye and Congressman Grosvenor have pressed for years and was adopted by the subsidists when they found it impossible to carry their greater raid through Congress, but the bill proposes to waste public money. American exporters have ample facilities for shipping merchandise to South America, Asia and Africa; of Europe it is unnecessary to speak. The export statistics are sufficient evidence of this. The subsidies will not give the shippers low rates; they are avowedly designed to give the owners better profits. The ship builders will do as those of France did; raise their prices and grab all the money designed for the ship owners. The existing freight lines do not afford fast mail service, and in some cases fast mail service might be desirable. But it is not important, because there are good mail services by indirect if not by direct routes, and because so much of commercial communication is now done by cable that mail steamers are far less important then they were once. The Government has repeatedly tried mail subsidies on a large scale and nearly all have been abandoned because the results were wholly inadequate

In speaking of subsidies the Philadelphia Record says:

Something less than thirty years ago Joseph Cannon, now Speaker of the House, defeated the bill to renew the subsidy to John Roach's Brazilian line of steamers, on two grounds; one, and the most glaringly conspicuous, was that the Capitol was overrun with lobbyists, and the other was that the bill had defeated the aims of the protectionists in increasing the imports faster than the exports. But Cannon is older now, and the fight is out of him, and the subsidy raiders have got their ring in his nose.

THE TRIAL of Harry K. Thaw for the murder of Stanford White in Madison Square Garden, New York, during the early part of last summer, promises to be long-drawn-out and sensational in every way. Thousands, anxious to witness the trial, are turned away from the court building every day. The lines to be pursued by the defense are still a matter of conjecture among many, although it is generally believed that emotional insanity will be urged for all it is worth. It is also said that certain witnesses will testify that White publicly exhibited a photograph to injure the name of Mrs. Harry K. Thaw, separate the couple and regain the favor of the former artist model. Whether this be so or not, it will be one of the sensational features of the trial. This is not the first time similar evidence has been produced in courts of justice when man slayer's have endeavored to escape the penalty and it may be suggested that such allegations are never preferred until long after murders have been committed and when the lips of those assailed are sealed in death. Without offering anything in extenuation for the voluptuous manner in which White existed it is a well known fact that his slayer had started out in life equally wrong and went from one degree to another until he finally imbrued his hands in the blood of his fellow creature.

CHAIRMAN SHONTS has resigned from the Panama Canal Commission. In this situation it would seem to be "up to" President Roosevelt and Secretary Taft to give the recreant chairman a reprimand. Engineer Wallace got one; and he was only second or third in command in the isthmian enterprise. If Number 3 deserved a public reprimand for leaving the canal business to take a better job, what, asks the Philadelphia Record, ought not to be coming to Number 1?

Washington, Jan. 25.

In defending the action of former Assistant Secretary of State Pierce in accepting money from private interests concerned while appearing in his official capacity at The Hague tribunal of arbitration, ex-Senator Faulkner, representing the North American Commercial Company, stated to the ways and means committee of the House at a hearing today that it is a common practice for representatives of the government to accept pay from private concerns under similar circumstances. Special attorneys for the Department of Justice make a practice of it, he said. "Poor Burton is doing time in jail for taking pay for practicing before an executive department," said Champ Clark. "What's the difference between Pierce and Burton?" Faulkner replied there was no moral offense in either case, but a statutory offense in former Senator Burton's case. Mr. Dalzell demanded why the government should pay the special attorneys when private concerns get the benefit. John Sharp Williams declared that the private interests should be allowed to select their own representatives. Mr. Faulkner admitted that, when attorney for the American Tobacco Co., he had been appointed by the Department of Justice as a special attorney to test the constitutionality of the law requiring that only tobacco be put in tobacco packages offered for sale, in the interest of the company. The Department of Justice required the tobacco company to pay him. The hearing was called to enable Faulkner, on behalf of the North American Commercial Company, holder of the sealing privilege in Alaska, to reply to the argument for the destruction of the herd as made by H. W. Elliott, of Cleveland. Faulkner showed how Elliott had bobbed up in Congress in years past, at times acknowledging he was the paid expert of the Alaska Commercial Company, which held the sealing privilege previous to the time when the North American Commercial Company underbid it. He said Secretary of Treasury Foster refused to make public a report made by Elliott, as a government agent, because, as he wrote to Secretary of State Foster, Elliott was biased by his connections with certain interests. Faulkner said an extract of this report was printed in a newspaper in Cleveland, Elliott's home town, and thereupon Great Britain greatly embarrassed the United States by demanding the report at a time when the relations between the two nations was strained. Faulkner quoted Vice President Fairbanks, as informing the State Department, when senator and chairman of the joint high commission, that Elliott was an "impossible" person to make a seal investigation.

William H. Orrett, acting American consul at Kingston, today sent the following to the State Department. "Sisters of the Immaculate Conception and Hobbies safe. No American dead reported. Ninety per cent buildings Kingston destroyed. People facing situation bravely. One-half population sheltering in the open. American fathers aiding me to identify any of our citizens. Interests being fully protected." "Hobbies" is the name of an American family concerning which inquires had reached the State Department and forwarded to Mr. Orrett.

The Russian minister to China has informed the Chinese government that Russia will complete the evacuation of Manchuria at once, withdrawing all troops except a railway guard, according to a dispatch received at the State Department from Minister Rockhill at Peking. According to previous reports there are about 20,000 Russian troops yet to be withdrawn from Manchuria.

The Interstate Commerce Commission transmitted to Congress its first report on its investigation of discriminations and monopolies under the joint resolution of Congress of March 7, 1906. The report deals with bituminous coal carried east of the Ohio river. The roads involved are the Norfolk & Western Railway, Chesapeake & Ohio Railway, Baltimore & Ohio Railroad, Pennsylvania Railroad, Buffalo, Rochester and Pittsburg Railway, Beech Creek Division of the New York Central & Hudson River Railroad, Pittsburg, Shawmut & Northern Railroad, Buffalo & Susquehanna Railroad, and West Virginia Central & Pittsburg Railway (now the Western Maryland Railroad). The report shows that all of the above companies own, directly or by stock ownership in other companies, large interests in coal lands, and such ownership by each company is specifically described in the report. After making an elaborate review of the evils of the present system of car distribution and "the unequal and unjust methods" now employed in estimating the capacity of mines, the report closes with the following recommendations: First. That carriers be required to make public their system of car distribution showing how the equipment for coal service is devided among mining operations. Second. That a fair, just, and equitable rating of mines be required and that provision be maid for the representation of owners of mines at the rating thereof. Third. That after reasonable time carriers engaged in interstate commerce be prohibited from using "individual" or "private cars" for handling of coal traffic. Fourth. That carriers be forbidden after reasonable time to own or have any interest in any operated coal properties, except such as are exclusively for their own fuel supply, and that ownership by officers or employees of common carriers of any coal properties or any of the stock of coal companies along the line of road by which they are employed, be forbidden.

Maj Gen. F. I. Ainsworth, military secretary of the army, today received a mail report from Lieut. Col. Glenn, commandant of the recruiting depot at Columbus barracks, Columbus, O., concerning the escapade of nearly 200 recruits last Monday night. The colonel discounts the amount of damage done, as previously reported, and says that after careful investigation it was found that the men used only rocks in their celebrating and made no attempts to "shoot up the town." The damage was confined to the district of Columbus known as the "bad lands," and consisted chiefly of breaking in windows of saloons and other buildings. The damage will amount to not more than $35, he states.

Senator Dupont of Delaware called at the White House today to assure the President that he was in no way connected with the Dupont International Smokeless Powder Company. The "powder trust" against which the independent manufactures recently lodged a complaint with the executive.

At a special meeting of the Senate committee on foreign relations today the Lodge resolution suggesting the co-operation of the United States in bringing about an inquiry into the affair of the Congo Free State was entirely rewritten and ordered to be favorably reported. In its new form as presented to the Senate today by Senator Lodge the resolution reads as follows: Whereas the reports of the inhuman treatment inflicted upon the native inhabitants of the Congo Free State have been of such a nature as to draw the attention of the civilized world and excite the compassion of the people of the United States, therefore be it, Resolved, That the Senate respectfully advises the President that he will receive its cordial support in any steps he may deem it wise to take in co-operation with, or in aid of, any of the powers signatories of the treaty of Berlin for the amelioration of the condition of the inhabitants of the Congo Free State. The resolution was placed on the calender of the Senate. Mr. Lodge will try to secure consideration for it at an early day.

One of the most important provisions added to the Indian appropriation bill by the Senate committee on Indian affairs which will be reported to the Senate says that, on and after July first, nineteen hundred and seven, all restrictions upon the alienation, leasing, or encumbering of Indian lands, shall be removed. This is proposed to take the place of the existing law which prohibits Indians from selling or mortgaging any of the lands allotted to them, for a period of 25 years.

Senor Godoy, who for the past year has been Mexican Minister to Cuba, was presented to Acting Secretary of State Bacon and Sydney Smith, chief of the diplomatic bureau, today, as the first counselor of the Mexican Embassy, who will be charge d'affaires till the arrival early next week of Enrique Creel, the newly appointed Mexican Embassador.

Mr Nicholas Longworth, the President's son-in-law, sees fit to again state that the President is not a candidate and would not accept a third term. Mr Roosevelt has said this many times and as he is a man of his word everyone should take him at his word and eliminate his name in all future discussions as to the republican nominee.

The President sent the following nominations to the Senate today: To be postmasters in Virginia—James H. Sumpter, Floyd; John B. Grayson, Warrenton.

News of the Day.

The Spanish Cabinet has resigned as a result of dissensions between liberals and radicals over the law of associations.

America's exporation of canned beef decreased about 40,000,000 pounds in the year 1906, according to statistics announced by the Department of Commerce and Labor.

Col. John F. Y. Blake, who organized an Irish brigade for service in the Boer army in the war against Great Britain, committed suicide in a Harlem boarding-house yesterday by inhaling illuminating gas.

What is believed to be the death knell of the South Carolina State dispensary was sounded yesterday in the State Senate, when, on a test vote, it was shown that there was a majority against the institution.

The attention of Congress was today directed to the fact that the famous old east front of the United States Treasury building, with its colonnade of 30 classic colums, is rapidly deteriorating and a request was made for an early appropriation to replace it with granite. This eastern front of the building was the original Treasury building in Washington.

What is probably the most severe cold wave that has ever swept over the northwest this winter struck Minneapolis, Minn., last night, and if it lasts long terrible suffering must inevitably result. Owing to the recent heavy snows traffic is completely blocked, and the Soo lines yesterday called off all tarffic on 450 miles of its road between Glenwood, Minn., and Portal Canada. The fuel and food situation in Norrt Dakota is also growing from bad to worse, according to news received last night.

The executors of the estate of Marshall Field yesterday filed in the Probate Court in Chicago their inventory of the estate. In the document, which gives a detailed account of the estate, the par value of the stocks and bonds is given, but no statement is made showing the present cash value of the securities. For this reason it is impossible to make an accurate estimate of the value of the estate from the inventory, but counsel for the executors place the total value of the property described in the inventory at $75,000,000. The exact value of the estate will not be known until the official report of the appraisers has been completed.

United States government officials have found numerous precedents for Admiral Davis's action. In 1895 sailors were landed from a United States warship to put out a fire on the Island of Trinidad, which service was gratefully acknowledged by the Governor. The most Rev. Dr. Nutall, lord archbishop of the West Indies, has cabled President Roosevelt his thanks for Admiral, Davis's timely aid. President Roosevelt's assurances to the British government have been received with great satisfaction in London and Earl Grey has cabled his thanks. British government officials intimate that Governor Swettenham's career is at an end. Official reports from Rear Admiral Davis show that the landing of men additional to those put ashore to guard the consulate was upon the earnest entreaty of the Colonial Secretary.

Virginia News.

It is reported that the sale of fine horses, principally hunters, in Fauquier county in 1906 aggregated over $100,000.

This will be a lively year in politics in Virginia, as county officers and all the members of the General Assembly are to be elected.

Miss Ida McInturff, who lived near Woodstock, died yesterday aged forty years, after a short illness of typhoid pneumonia. She is survived by two brothers and two sisters.

United States District Attorney Moore was in Lynchburg yesterday securing evidence against Giovanni Soruli, an Italian contractor on the Tidewater Railroad at Moneta, Bedford county, charged with peonage.

Frank Swartz, a farmer, died yesterday at Wadesville, Clarke county, after a lingering illness, aged eighty-one years. Mr. Swartz served in the Confederate army. He was twice married, and leaves a widow and nine children.

Jepardy Hale, aged 50 years, was found frozen to death at the sawmill of G. H. Wither, near Haynesville, Westmoreland county. On his person was found $480 in cash. He was poorly clad and was unable to withstand the severe cold.

Roland Mitchell, who represented the county of Rockbridge and city of Buena Vista in the last legislature, as a member of the House, has tendered his resignation to the governor. He has sold his farm in Rockbridge and has moved to another section of the State. The resignation will be accepted.

John H. Flannery, a distiller, of Cootes Store, Rockingham county, died yesterday at his home of cancer of the throat, after an illnes of eighteen months. Mr. Flannery was nearly eighty-five years of age, and was born in Ireland. During the civil war he was a member of the Louisiana "Tigers" of the Confederate army.

L. F. Sullivan, controller of the Chesapeake and Ohio Railway, was on the stand before the Corporation Commission in Richmond yesterday in the continuation of the two-cent passenger rate hearing. The feature of the day's proceedings was a discussion as to the equitable division of the state and interstate receipts. It was largely technical. The Norfolk and Western will next appear before the commission.

STROTHER BROTHERS INDICTED

The special grand jury at Culpeper late yesterday evening brought into court a true bill against James F. and Philip J. Strother for the murder of William Bywaters at Rotherwood, the Strother home, in Culpeper county. The foreman of the grand jury was Mr. Jos. Wilmer.

The grand jury had some 15 or 16 witnesses before it yesterday, and it took five of the nine grand jurymen to concur in the finding of the indictment. The indictment contains three counts, all of which practically charge murder in the first degree.

The Strothers were allowed by Judge Aiken, in accordance with an agreement of counsel on both sides of the case, to renew the bond, which brought them to court yesterday. The trial was, also by agreement of counsel, set for February 21 next. While there is a great deal of feeling on both sides, everything there is quiet.

The Strothers are well represented by counsel, John L. Jeffries, of Norfolk; John L. Lee, of Lynchburg; R. Walton Moore, of Fairfax, and six of their friends in the county who are lawyers having been retained. Charles M. Waite has asked that John Keith be appointed to act as Commonwealth's Attorney in the case in place of himself, and this was done. Capt. Micajah Woods, of Charlottesville, is assisting Mr. Keith.

There seems to be no probability of a controversy over the facts in the case. There may be a variance in the statements of witnesses upon minor points, but the defense will be conducted along the lines generally accepted—the so-called "unwritten law." The jurors who will sit in the case will probably be asked to say that the killing of Bywaters was a matter of right. The defense, as well as the prosecution, is ready to proceed with the trial.

Doctor and Mrs. E. L. Gaines, the latter another sister of the Strothers and the widowed bride, who were the only witnesses to the tragedy, will be the principal witnesses for the defense. Mrs. Bywaters may not be able to appear, owing to the fact that she is critically ill from the effects of an operation. A short time ago it was not expected that she would live. Should she recover she will be summoned to appear in Washington in the prosecution of Dr. Edward Leon Thomas, who is held there for the action of the grand jury upon the charge of having performed the operation upon her.

Morgan Treat's Report.

The report of United States Marshal Morgan Treat, which has just been submitted to the Attorney General of the United States, shows that the Eastern District of Virginia, with Richmond as its headquarters, stands first of the eighty-six districts of the union in percentage of earnings to expenses. It will thus be noted that the office of Marshal Treat is more nearly self-sustaining than that of any other marshal under the jurisdiction of the United States.

The fees of the office, from the very nature of things, cannot suffice to pay its expenses, but in the case of the Richmond district they come nearer to doing it than those of any other district in the country. Indeed Richmond in the absolute amount of money earned for the government, regardless of percentage, is exceeded only by New York and Chicago. Following the Richmond district in order come Galveston, Cleveland, Cincinnati, Tacoma and Seattle, Philadelphia, Pittsburg, Boston, Louisville, St. Louis, Buffalo, Indianapolis, Denver, San Francisco, Minneapolis, St. Paul and Baltimore.—[Richmond Journal.

Today's Telegraphic News

The Thaw Trial.

New York, Jan. 25.—Great care is being taken to guard the Thaw jury (six of whom have been selected) in order to preclude a mistrial or a miscarriage of justice. Never in the annals of criminal trials in this city has a jury been kept under such close watch. In order to prevent possible illness the food of the jurors is inspected. The jury is living at the Broadway Central Hotel where a suite of rooms has been engaged.

Before the opening of the trial today it was predicted that the attorneys for the defense would immediately seek to have Harry C. Harney, the fifth juror selected late last evening, withdrawn from the panel. It was learned over night that Harney has served on a jury which sentenced a man to the electric chair despite an insanity plea for killing his boarding house mistress. Later Governor Higgins commuted the sentence. Dan O'Reilly one of Thaw's attorneys, today upset the supposition that the defense would object to Harney.

"We went on the assumption that a man who has voted to put a man to death on one occasion, will never vote for an execution a second time," declared O'Reilly. "We want Harney on the jury." It is now predicted that Harney will be challenged by the State.

Mrs. Charles J. Holman, mother of Evelyn Nesbit Thaw, positively will not lift her finger to aid the state in the prosecution of her son-in-law, Harry K. Thaw, for the murder of Stanford White, if a statement published in the Evening Journal today is correct. In this statement, published under a Pittsburg date, and over the signature of Mrs. Holman, the latter is quoted as saying: "The stories that I am seeking vengeance are absolutely false. There is no truth in any of them and I am going to state right here (in Pittsburg) that under no consideration will I be present at the Thaw trial, either as a witness or as a spectator. There is nothing that could tempt me to cry for vengeance against any one, let alone my own flesh and blood. I am going to let them fight it out alone, and if there is anything I know they will never learn it from me. Under no circumstances could I be induced to take the stand for the prosecution in this case."

Three days of the trial have sufficed to prove that the bullets which snuffed out the life of the architect on Madison Square Garden resulted in a double tragedy. They have served to prove that just as certainly as those shots checked the career of White, just so certainly did they bring down the curtain on the butterfly life of Evelyn Nesbit Thaw, the ex-princess of the chorus, the beautiful and petite goddess of New York's gilded Bohemia former toast of Broadway. A trembling little wisp of femininity, a mere shadow of the sweet-faced girl set the jaded heart of the blase Stanford White a beating, but a suggestion of the Evelyn Nesbit in pursuit of whom the Pittsburg multi-millionaire went dashing to Europe, sits in the court room the focus of hundreds of eyes. She answers to the name of Evelyn, yet she is no more the Evelyn to whom Broadway drained its glasses than is that piece of crumbling clay in the little Long Island cemetery, the White who lived for years in the glare of the great white way. Artists used to rave over Evelyn Nesbit. Today they would weep. Fair as a lily, she has faded as suddenly. A sensative plant that would have dropped at a touch, she was withered in the relentless grasp of fate. No one could look at this child of adventure, (and despite her stormy life, she is still a child), without feeling a touch of pity for her. Evelyn is today far from being the beautiful subject of Charles Dana Gibson's "Eternal Question." The rose has left her cheeks and the beautiful contour has given way to sunken places. The once glorious eyes are now red and tear-stained, while the figure, always delicate and finely chiselled, now seems a bit shrunken and to be giving way under the great load the small shoulders have been called on to bear. The hair, no longer dressed with care and painstaking, is anything but a crowning beauty as she sits in the crowded court oblivious to all save the incidents affecting him in whom all her thoughts are centred.

Conditions in Kingston.

Kingston, Jamaica, Jan. 25.—Every hour's work toward the restoration of this stricken city brings to light the bodies of additional victims. Yesterday forty mutilated and badly decomposed bodies were recovered and as the reconstruction squad expects to invade the business district today it is probable that many more will be unearthed. Several more bodies were taken yesterday from the ruins of the famous old Spanish Cathedral. The reports from the outlying districts show that for the most part the damage was light, except in the city of Kingston, and the loss of life outside the city limits was comparatively insignificant. One of the most gruesome sights of the city today are the little signs posted on scores of buildings and piles of ruins "No dead here."

Gov. Swettenham has crawled into his official shell and avoids even the most determined efforts to see him. First the American correspondents sent him a round robin, requesting an audience. This was not answered. Then they called on him separately, but were denied admission. Finally, they got themselves up as imposingly as possible and marched to Government House in a body. This time the governor was not "at home." Such hostility has developed between British and Americans here that hotel keepers fear that American tourists will in future boycott Jamaica as a winter resort.

The Whiteley Murder.

London, Jan. 25.—After diligent search the London police who scented a deep mystery yesterday in the murder of Wm. Whiteley, London's merchant prince, have learned that the murderer is Horace George Rayner, believed to be a schoolmaster. What his motive was in killing the multi-millionaire has not been disclosed. When arrested yesterday Rayner, even when he thought he was dying from his self-inflicted wounds, declared he was Cecil Whiteley a son of the man he had slain. Members of Mr. Whiteley's family who went to the hospital to identify the murderer declared that he was no relative of theirs, and was unknown to them. Investigation has shown that for the past three weeks Rayner has lived at a small London hotel, where he told people that he was the son of a wealthy London business man. It is a supposition that he sought to force Whiteley to recognize him as his son, or else attempted blackmail. Following an operation on the wounded murderer today the hospital authorities declared that he would probably recover.

Twenty Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide, by curing both, till not a trace remains," writes A. M. Bruce, of Farmville, Va. Best for old Ulcers, Cuts, Burns and Wounds. 25c at E. S. Leadbeater & Sons, druggists.

The Late Senator Alger.

Washington, D. C., January 25.—Hundreds of letters and telegrams from prominent men in public and private life in all parts of the country, and even many from abroad, have reached the family of the late Senator Russell A. Alger, whose death occurred suddenly yesterday morning. All conveyed expression of the deepest sympathy. All day there was a continual stream of callers at the house to offer sympathy. By midnight, tonight, all the members of the Senator's family will have arrived. Arrangements for the funeral services had not been completed up to noon today. The brief services at the house at two o'clock tomorrow afternoon will be under the auspices of the Senate and a military escort will lead the cortege to the railway station, where the remains will be placed abroad a train and sent to Detroit, accompanied by members of the family and of the Senate.

Members of the family have expressed the wish to have the funeral services as quiet and unpretentious as possible. Even as it was preferred that there be no formal funeral service in the Senate chamber, so has it been requested of the War Department that there be no attempt to provide a brigade of the military, as provided for by the military regulations, at the funeral of a major general of the army or former Secretary of War. As it will not be a military funeral, and will be held privately at the house, Mr. Newberry, for the family, requested Maj. Gen. Ainsworth, military secretary, this afternoon, to provide only a band and one squadron of cavalry as an escort for the cortege from the residence on sixteenth street to the railway station. Accordingly, orders were issued to Col. Hatfield, commandant of the army post at Fort Meyer, to provide the escort.

Sultan's Troops Defeated.

Tangier, Morocco, Jan. 25.—Raisluli defeated the Sultan's troops in a pitched battle this morning. The Sultan's losses were heavy, including a colonel of cavalry, other officers, and 175 men. Though decimated, famished and exhausted, the Sultan's army is holding the position it occupied before the engagement. Raisluli's losses are not known. It is expected that the battle will be resumed shortly. There is great anxiety at Tangier.

While bombarding the camp of Raisluli, the bandit, today the Morocco warship Turki struck a rock near the Saffrine Islands, off the coast of Morocco, and went to the bottom carrying many of her crew with her. A passing French ship bore down on the men and picked up many of the crew.

The Turki was the entire Moroccan navy being the only warship under the Sultan's colors. She was rated as a steam transport. She carried about 100 men, and had several guns of small calibre rigged on deck.

Election in Germany.

Berlin, Jan. 25.—The elections for the Reichstag are taking place today all over the country in 397 electoral districts. The polls opened everywhere at 10 o'clock this morning. Every male German who had attained his 24 birthday, three weeks ago, is entitled to vote. The polls close at 7 o'clock this evening. Socialists have the best organization and are conducting their operations with great skill. Vorwaerts, the socialist organ, declares in its morning issue "this is the day of judgment for absolutism militarism, oppresion, and misgovernment in every form." Conservative organs declare that the present constitution is on trial and this election is the last attempt to govern Germany by universal suffrage. Germany, they say, must have a strong government, even if a coup d'etat is the only way to get it.

Convent Destroyed.

Baltimore, Jan. 25.—The treasured relic of Catholicism, part of the cross on which Christ was crucified, and which had been handed down to the Dominican Sisters for centuries, was this morning destroyed in a fierce and exciting conflagration which destroyed the convent and chapel of the Dominican Sisters at Irvington, Baltimore county. The fire started from an overturn candalabra in the chapel after mass had been celebrated. After many narrow escapes the thirty sisters were all gotten out of the building, without injury, and took refuge in the houses of neighbors.

Hurled from a Sleigh.

La Crosse, Wis., Jan. 25.—The unusual spectacle of a limited passenger train stopping in the middle of a prairie to permit its crew to rescue two people who had been injured in a runaway, was afforded passengers on the Burlington "Daylight Limited" today. R. Fleck and Miss Gussie Fitzgerald were hurled from a sleigh at a grade crossing. The accident was witnessed by the trainmen and the train was stopped and the injured persons taken aboard. Miss Fitzgerald's skull was fractured. Fleck was also badly injured.

Brothers Asphyxiated.

Jersey City, N. J., Jan. 25.—Fred Neincke, 17 years old, and his brother William, 12 years old, son of Fred Neincke, of 116 Astor Place, were found dead in bed this morning, asphyxiated by illuminating gas which escaped from a radiator. John Kusel, 37 years old, who slept in the same room was unconscious, but he was revived at the city hospital.

It was the second hanging here in two weeks. Johns went to his death after confessing his crime. At the time of his conviction he fainted, but he was strong hearted on the gallows.

Fifty-ninth Congress.

Washington, Jan. 25.

SENATE.

The Senate today passed a bill authorizing the granting of a right of way through the military reservation at San Pedro to the Los Angeles Interuban Railway Company.

Because of the fact that the funeral services of the late Senator Alger are set for tomorrow afternoon at 2 o'clock at his late residence and of the desire of many Senators to pay the tribute of respect of attending, the Senate will adjourn over from today until Monday.

The delivery of eulogies on the late Senator Gorman, which had been arranged for tomorrow, has been postponed until Friday, February 1.

The Senate this afternoon passed a bill appropriating $35,000 for a customs boarding boat at Galveston, Texas.

Officers of the navy who have attempted to influence the action of Congress in favor of the naval personnel bill, were sharply denounced in the Senate this afternoon.

Mr. Hale, chairman of the committee on naval affairs, declared that those back of the movement had declared that they purposed "building a fire under each Senator and Representative." He said it was a gross violation of naval regulations which provided that all petitioning to Congress should be forwarded through the Navy Department and that it was also in contravention of an executive order fixing dismissal as the penalty for any employee of the government personally soliciting an increase in pay or lobbying for it. He read a circular letter urging every officer and midshipman to flood Congress with letters and to urge their friends to do likewise in favor of the bill. He offered a resolution directing the Secretary of the Navy to investigate whether the rules of the department were being violated and to report to the Senate.

The urgent deficiency bill, carrying among other items a million dollars to the Jamestown Exposition Company, was passed by the Senate today.

HOUSE.

Just after the House convened today Representative Foss, chairman of the committee on naval affairs, reported the naval appropriation bill. It carries an appropriation of $96,167,155, or $19,000,000 less than was asked in the estimates.

The House then passed a bill introduced by Representative Kahn for the appointment of an additional judge for the northern and southern circuits of California.

Representative Kahn, of San Francisco, read to the House today, a statement in regard to the manner in which the insurance companies doing business in San Francisco settled the claims against them resulting from the earthquake.

Out of the six German companies doing business there, not one said, he, has paid its obligation. Three of these have withdrawn from the city. He paid a compliment to the English companies and most of the American companies. In all 118 companies insured property in the city, 88 being domestic.

Hint that Shea Jury was Packed.

M. V. Faust, one of the Shea jurors, in Chicago, yesterday made the starting announcement that a verdict was impossible from the start—that is any verdict but acquittal.

One of the jurors announced as soon as the jury room was reached that he had made up his mind for acquittal, that he would not consider any evidence whatever, and that he would tie the jury until doomsday. Consequently there was no hope for conviction by the jury, which cost the taxpayers $70,000.

The State will begin at once another trial of the case, but it will be extremely difficult to get another jury until the Illinois laws are changed.

Preparing for the 22nd.

Preparations for the suitable observance of George Washington's Birthday are now being made, and although there will be no street parade on the 22nd proximo, other features incident to the anniversary will, it is believed, prove equally interesting.

On the morning of the twenty-second, at 11 o'clock services will be held at Christ Church under the auspices of Mt. Vernon Chapter, D. A. R. A patriotic programme will be given, and the collection taken up will be used toward paying the expenses of restoring old Pohick Church. The Daughters of the District of Columbia have been invited to attend the services.

The George Washington Birthday Association which is working diligently to make the affair a success will give a banquet in the afternoon at which several prominent gentlemen will make speeches. There will be band concerts at different points during the day, decorations, &c., which will impart a holiday aspect to the day.

Alexandria-Washington Lodge of Masons will as usual follow their custom of celebrating Washington's birthday. A banquet will be given at their lodge room at which a number of addresses will be made. Dr. T. B. Cochran, master of the lodge, and his committees have the affair in charge. Senator Towne, Congressman Flood, Judge Duke and others are expected to be present and respond to toasts.

Benediction of New Chancel.

A most impressive service of benediction for the new choir and chancel given by Bishop Potter, of New York, was held in the chapel of the Theological Seminary, near this city, at eleven o'clock this morning. A special form of service authorized by Bishop Gibson was used, consisting of a psalm read responsively as the procession of bishops and clergy moved up the choir to the chancel, and special prayers with the prayer of benediction, read by Bishop Gibson standing. The acknowledgment of the gift of the new choir and chancel at the hands of Bishop Potter, followed by the recital of memorials presented with a list of the other contributors was read by Professor Wallis, and after the service addresses were made by Bishop Gibson on behalf of the board of trustees and by Dean Crawford on behalf of the faculty, followed by a reply from Bishop Potter. All the addresses were listened to with much interest. At the conclusion of the addresses there was a celebration of the holy communion by Bishops Gibson and Potter.

Among those present were Bishops Satterlee, of Washington, Burton, of Lexington, Ky., and Strange, of East Carolina. Bishop Potter was accompanied by Mrs. Potter. A number of clergy from Washington and the neighboring country were present.

Fall of Trolley Wire.

The electric railway trolley wire at the intersection of King and Royal streets fell last night and, it is said, narrowly escaped striking a little girl who was passing at the time. This species of accident some time ago was almost a daily occurrence, but the electric railway company substituted a new trolley wire and placed it in a more substantial position. It was then supposed that there would be no more collapses. Since the sub-station has been constructed on Royal street, near Prince, heavy cables have been placed in position. Every safeguard should be used to prevent these from falling, as well as the trolley.

Meeting of Grand Lodge.

The one hundred and twenty-ninth annual communication of the Grand Lodge of Masons of Virginia will be held in Masonic Temple, in Richmond, February 12th, 13th and 14th. The station officers of every lodge in the State are delegates ex-officio and among those who expect to attend are the officers of the two lodges of this city. Should Capt. K. Kemper, of Alexandria, the present Grand Master, not stand for re-election, Duputy Grand Master S. J. Quinn, of Fredericksburg, will more than likely be his successor.

The Grand Lodge of Masons meets annually in the Temple in Richmond.

Fire Wardens.

A meeting of the Board of Fire Wardens was held last night, at which considerable routine business was transacted.

All the paid-men in the employ of the fire department were re-elected to the positions they now occupy.

A communication was received from eleven officers of the different fire companies asking the board to instal telephones or alarm bells in their residences for convenience when fires break out. The board took no action in the matter, as they have no funds at their disposal to devote to such a purpose.

Vagaries of the Weather.

All weather records for this year were broken yesterday morning at 7 o'clock, when the mercury in this city stood at 14°. Outside the city it was still lower. Not since February 6 of last year had it been as cold in this vicinity. The mercury kept well down in the twenties all day. This morning at 7 o'clock it stood at 28°. Colder weather is indicated for tomorrow.

Property Sales.

Mr. Robert Elliott has sold to Mr. H. Kirk, jr., a house and lot on the south side of King street, between Henry and Fairfax.

Mr. Humphrey R. Wagar has transferred to the Wagar Land Company the property in this city known as the Braddock House at the southeast corner of Fairfax and Cameron streets.

Intercepted by a Negro.

A few nights ago while a lady was walking on Fairfax street, between Duke and Wolfe, she was held up by a negro who took hold of her arm. Her outcry caused the negro to run away. The incident was immediately reported to the station house and the policemen made unsuccessful efforts to find the darkey.

Personal.

The Gazette will be pleased to receive items, such as engagements, weddings, parties, teas and other news of personal interest for the "personal" column. The items should be indorsed with the name and address of the sender—not for publication, but as a matter of good faith.

Mrs. Henrietta Irving Bolton's very interesting address to the Girl's Friendly Society of Christ Church last evening was greatly enjoyed. After the address refreshments were served, and those who attended the meeting as well as the members of the society had an opportunity to meet Mrs. Bolton socially.

Mr. James P. Hall left Tuesday for the Hot Springs, Arkansas, to be gone several weeks.

Mr. Bernard A. Harrett and Miss Lucy Frances Lyles were married on Monday evening at the parsonage of the M. E. Church South, by Rev. C. D. Bulla.

Mr. Frank R. Fisher, of New York, who has been visiting his sister, Mrs. Thomas A. Fisher, of Washington, left for his home today.

Miss Wilhelmina Frances Schneider, daughter of Mrs. Christian Schneider, and Mr. George Henry Nowell, of Washington, were married Wednesday evening at the home of bride, No. 1645 New Jersey avenue, northwest, that city, in the presence of the families and friends of the young couple. Rev Paul E. Mentzel of the Concordia Lutheran Church, performed the ceremony. The groom is the Washington ticket agent of the ferry line between this city and Washington.

Mr. Chas. H. Cash and Miss Odessa P. Mankin will be married tonight by Rev. C. D. Bulla.

A Testimonal for Mr. Bangs.

The New York Tribune of today says: Frank C. Bangs, the veteran actor, now more than seventy years old, will never act again. In September Mr. Bangs was struck by an express van while crossing Sixth avenue and knocked down, his thigh being broken. As a result he is permanently crippled. A number of managers met yesterday at the Belasco Theatre to take the first steps toward organizing a testimonal performance for Mr. Bangs. February 19 was set as the date and the Casino as the place for the performance. Mr. Bangs is a native of this city and is well remembered by the old citizens of Alexandria.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Neal Myers, colored, arrested by Officer Ferguson charged with being drunk and disorderly, was dismissed.

George Shirley, colored, arrested by Officers Knight and Arrington charged with assaulting and beating Maggie Allen, was fined $10 or given 30 days in jail.

A young white man, arrested by Officer Roberts charged with assaulting a colored man, was dismissed, it having been shown that the plaintiff was the aggressor.

Auction Sale Tomorrow.

Mr. Samuel H. Lunt, auctioneer, will offer for sale for Mr. John W. May, trustee, at public auction at eleven o'clock a. m. tomorrow, in front of the Royal street entrance to the City Hall, a lot with the buildings and improvements thereon on the south side of King street, between Washington and St. Asaph streets. This is valuable King street property and has been a well-known place of business for many years

For the Penitentiary.

Guard Smith, from the Richmond penitentiary, arrived here today from Fairfax with Wm. Davis, colored, in custody, whom he placed in the station house until this evening when he will conduct him to the penitentiary. Davis was recently convicted of horse stealing in the Circuit Court for Fairfax and sentenced to the penitentiary for five years.

Opera House.

The May Hillman Stock Company last night at the Opera House presented "A Wife's Sacrifice," a society drama in four acts. The play was decidedly the best that the Hillman Company has ever produced in this city. The part of Mark Cross was cleverly portrayed by George Rosener while the part of Sir John Harding was in the capable hands of Ira Herring. Miss Hillman played the part of Lady Harding in graceful and excellent manner, while Miss Frankie Rarkow was fine. The part of Simian Strong was handled in a very clever manner by Jack McKnight. The other members of the cast were equally as good. Tonight the attraction will be "Flood Tide," a melodrama of unusual interest and full of startling climaxes. The attraction at the matinee tomorrow afternoon at 2:30 o'clock will be "The Little Duchess."

During the play last night some annoyance was caused by a man in the audience talking in a loud voice to those on the stage, and the performers had to stop several times. There was, as usual, several policemen present, but the officers of the law made no effort to arrest the offender. Such things frequently happen, but some of the policemen fail to do their duty. The patrons of the shows are there to see the performance and this annoyance to them should be stopped at once.

Francis Lee, infant son of Mr. Francis L. and Mrs. Annie R. Stuart, died at his parents' home in this city Wednesday.

It was reported today that a wreck had occurred in the new Potomac yards, north of this city. It appears that in shifting cars a head light on a locomotive was broken which gave rise to the report.

It was reported on the street today that train No. 31 on the Southern Railway ran into a car standing on the track at Monroe last night and that four of the passenger cars were damaged. The railway officials here say they have received no report of any such accident.

COURT OF APPEALS.

The Court of Appeals yesterday handed down several opinions, among them being the labor-agent case from the Corporation Court of the city of Danville, the first case of the kind to arise under the revised tax laws. The opinion was written by Judge Whittle. The writ of error is to a judgment convicting the plaintiff in error, Albert Watts, of conducting business as a labor agent in that city without license. The judgment of the lower court, which imposed a heavy fine on the Nave Ryan Curtis Company, chartered under the corporation laws of the State of Ohio and duly licensed to conduct the business of general contractors in this State, is reversed.

Other opinions handed down yesterday were as follows:

By Judge John A. Buchanan:

Tarrant et al. vs. Core et al., Court of Law and Chancery of City of Norfolk; affirmed.

Bing et al. vs. Burruss et al., Circuit Court of Albemarle county; affirmed.

By Judge George M. Harrison:

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcome the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by E. S. Leadbeater & Sons, druggists.

Pretty Wedding.

A very pretty marriage took place Wednesday night in the home of Mr. and Mrs. Geo. A. Smith, No. 823 west Grace street, when their daughter, Miss Blanche Morris Smith, became the bride of Dr. Daniel Dodson Willcox, of Petersburg. Rev. John Y. Downman, rector of All Saints' Church, performed the ceremony. Miss Roberta Ashby Smith, the bride's debutante sister, was maid of honor. She wore a dainty gown of white organdy, with satin trimmings, and carried a sheaf of American Beauties. Mr. R. Bolling Willcox, of Petersburg, brother of the groom was best man, and the following gentlemen held the ribbons: Messrs. Benjamin H. Smith, brother of the bride; Stuart G. Christian, Raleigh Forbes and Gordon Smith. The bride, who entered with her father, was beautifully gowned in white lace and wore a tulle veil. Her flowers were lilies-of-the-valley. A reception to the relatives and intimate friends of the contracting parties followed the ceremony. Dr and Mrs. Willcox will make their home in Petersburg after a short trip.—[Richmond Times-Dispatch.] The bride has many friends in this city.

STERN REBUKE FOR CADETS.

At dress parade at the Virginia Military Institute yesterday afternoon was published the order containing the findings of the board of visitors reinstating the 74 members of the third class dismissed on January 8 by the superintendent for willful and deliberate violation of institute regulations, the execution of which order was suspended until it could be reviewed by the board of visitors, which also considered the application of the cadets for reinstatement. The order declares "the charges made against the said cadets have been fully proved and established not only by evidence, but by admission. In making the order of dismissal the superintendent discharged his duty and had no election under the regulations to act otherwise than as he did, and his action is fully approved. Nevertheless, it appearing to the board from the evidence that many and probably most of the said cadets did not fully appreciate the meaning of their action and did not intend to defy authority, but were misled into participating in this violation of the regulations by a few of their associates, who acted with the evil design of involving a large number of their classmates in similar troubles to those already impending over them, and thus to shield themselves so far as practicable from the obloquy probably attaching to their own prior discreditable conduct, and it further appearing to the board, greatly to its regret, impracticable to obtain the evidence by which to ascertain certainly the names of these evil-minded ringleaders, the board considering all conditions is unwilling to impose the extreme penalty of dismissal upon all the cadets named, but deems it proper that suitable penalties be imposed. Therefore, it is ordered by the board that the order of January 8, 1907, be so modified as to remit the penalty of dismissal, and that in lieu thereof the following penalties be imposed upon the cadets:

"First—That each of the cadets be confined to the limits of the post until the end of the present session, and that each of said cadets be given 20 penalty tours.

"Second—That each of the cadets is permitted to remain a cadet only upon strict probation as to his conduct in every respect during the remainder of the present session, and that failure in duty on the part of any one of them in this respect shall be forthwith followed by dismissal.

"Third—That Cadet Corporal C. W. Stevens shall be reduced to ranks for willful neglect of duty."

WILL NOT SUBPOENA BAILEY.

The Texas legislature has settled down to tangible work on the investigation of the charges filed with the committee against Senator Bailey by Representative Cocke.

The prosecution yesterday afternoon demanded that subpoenas be issued for Senator Bailey. The committee refused the request, considering that to comply would be an indignity to Senator Bailey, as he has had promised that he would be on hand when needed. An effort to have him called to the stand as the first witnesses also failed, as it was declared that this would be placing him in the light of aiding the prosecution.

Gen. Crane, of Dallas, has reached Austin to assist the anti-Bailey men in the examination of witnesses. Former Secretary of State Hardy, who issued the permit for the Waters-Pierce Company, is present as a witness for Senator Bailey.

The legislative investigating committee hearing the charges against Senator Bailey held a secret session yesterday.

Acting under authority granted him by the Texas anti-trust law, County Attorney Brady late Wednesday had H. Naudin, one of the auditors of the Waters-Pierce Oil Company, at St. Louis, who is in Austin, brought before Judge J. D Moore, justice of the peace, in order to have him testify as to the authenticity of documentary evidence held by the State in connection with the Waters-Pierce Oil Company, and which will be used in the forthcoming anti-trust suits against the company.

The testimony is now playing a prominent part in the investigation of Senator Joseph W. Bailey by the legislative committee.

Mr. Naudin's evidence is said to have established that various vouchers and other documents in the possession of the Attorney General of Texas are not forged and have not been altered, but are correct records of the alleged transactions between the Waters-Pierce Oil Company, Senator Bailey and others.

FRIDAY EVENING, JAN. 25, 1907.

A BEGGAR OF KHIVA.

He Was Noisy and a Thing of Shreds and Patches.

In an open square, where the dust pall forbade sight or breath, I directed my steps toward the source of a throbbing roll that ceaselessly wove itself in with the noise of voices and the pattering of unshod feet of beasts. As I neared it the noise became detached from the hubbub, a distinct and individual thing, which insistently claimed attention and made the very motes in the air dance to time. Under a willow tree by the water ditch that defined the square sat a bent old man, unbelievably ragged. So torn were his many khalats that they did not seem like constructed garments at all, but strings of tatters and tags collected and hung on his fat, weak body. His head was bent on his breast, and his eyes were half closed. On his stomach was a wooden bowl, with a skin drum head stretched across it, and on this drum head he beat incessantly with his knuckles and his fist. The motion was so automatic and deadly regular in its recurrent changes that it seemed almost as if he were a clockwork figure set at the edge of the busy market to record the passage of time. I flung some coppers on the brass begging tray by his side and went off, unconsciously adjusting my steps to his beating. He made the trivial barter and the driving of laden animals seem vapid and futile, and my bit of charity sickened me. It was as if I had happened along and patted Socrates on the back.—Langdon Warner in Century.

Acoustics and Coughing.

Coughing is one of the nuisances that no one has been able to abolish in churches or in theaters. A physician, however, claims that the coughing nuisance is a mere question of acoustics.

"There is a subtle connection between the ear and the throat," he said. "When the ear is strained the throat is affected, and a cough is the result. When we can hear perfectly in church or theater it never occurs to us to cough. But when we bend forward, straining every nerve to catch the actor's or preacher's muffled syllables, then we find ourselves coughing every little while. Build auditoriums with perfect acoustic properties and I warrant that the thunderous choruses of coughs so common now among us will be no more heard."

Life In the Kennel.

The following story from a well known Devonshire clergyman shows how the life in the kennel is brightened by play: "Some fifty years ago I was visiting Mr. Garth's kennels when the first whip showed me a tunnel in the airing ground about six feet long which the hounds had dug themselves and utilized as follows: They used to choose one of themselves and start him to run round the yard, they being in full pursuit, till he had enough. Then he went to ground in the tunnel, while another hound took his turn to be hunted and go to ground." This is one way in which hounds train themselves.—T. F. Dale in Outing Magazine.

No Comparison.

Mrs. Upmore was recalling her early married life.

"Ah, yes," she sighed, "we were happy then—foolishly happy in our little Utopia!"

"I've seen the place once or twice," said Mrs. Gaswell, "and I don't blame you for moving away from it. Newport is ever so much finer, isn't it?"—Chicago Tribune.

Into the Next Day.

"When I leave you tonight," said Mr. Staylate "I hope you"—

"Gracious! Are you coming again tonight?" exclaimed Miss Patience Gonne.

Then for the first time the proximity of the dawn dawned on him and he lit out.—Exchange.

Argo Red Salmon is cleaned and packed entirely by machine, and not touched by the human hand. After trying it you will use no other. 15 cents per can at all grocers.

DeWitt's Kidney and Bladder Pills drive the poison from the body. A 25 cent box holds a week's treatment. Sold by W. F. Creighton & Co., 401 King street.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome nourishing, and satisfying. It's safe even for the youngest child. Sold by E. S. Leadbeater & Sons, druggist.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a large tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

Mothers who give their children Kennedy's Laxative Cough Syrup invariably indorse it. Contains Honey and Tar. Conforms to the National Pure Food and Drug Law. Sold by W. F. Creighton & Co., 401 King street.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant, and safe Syrup, called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by E. S. Leadbeater & Sons, druggists.

DeWitt's Little Early Risers, reliable little pills. Recommended by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed air-passages. Price 50c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the remedy in solid form and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren Street, New York.
